ESSAR CENTRE TECHNICAL PACKAGE

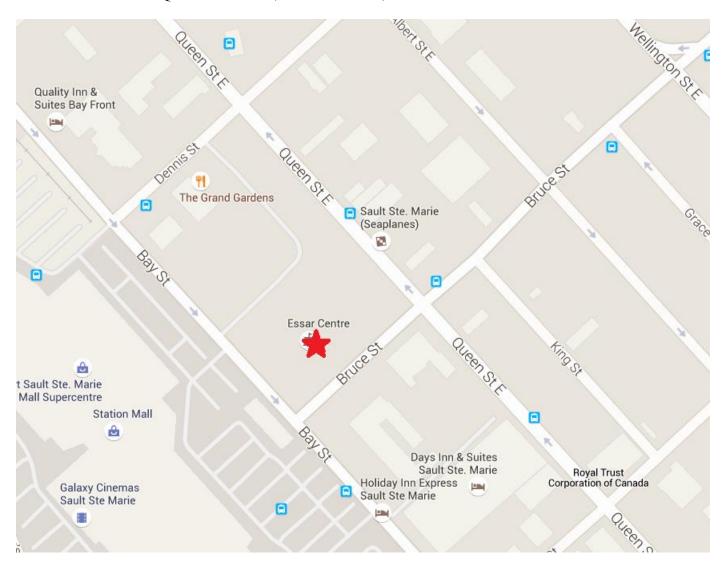

HOW TO GET HERE

Sault Ste. Marie is located at the hub of the Great Lakes in Ontario, at the very heart of Canada. It is easily accessible from Hwy 17/Trans Canada Hwy as well the I-75 as Sault Ste Marie is a border town to Michigan.

Here are some helpful ways to assist you when you are making plans to come to an event at the Essar Centre whether it be by car, bus, taxi or otherwise.

We are located at 269 Queen Street East, Sault Ste Marie, ON

We have four main gates as well as a designated Suite Holder/Accessibility entrance:

Gate A: Queen & Denis Gate B: Queen & Bruce Gate C: Bruce & Bay Gate D: Denis & Bay

Suite Holder/Accessibility – Located in main parking lot below Gate A.

EVENT SECURITY PLANNING

Guest comfort, safety and satisfaction are paramount to the success of each event. For this reason each event will be planned and staffed individually based on specific event related information. Final event staffing levels and component parts of the overall event security plan will be solely at the discretion of the Essar Centre

PRE-EVENT

In order to maximize event success for the promoter a pre-event meeting or conference call will take place, likely two to three weeks before the event date. If expected attendance, based on ticket sales to that point and history in other markets, increases or decreases substantially from the pre-announcement projections, adjustments will be made to the staffing levels of each component of the security plan.

EVENT DAY

Staff event briefing will precede events to ensure all event personnel aware of any risks or specific procedures for the event. They may include:

- Accreditation
- Staff deployment
- Security deployment
- Police deployment
- Increased ingress measure-bag checks, pat downs and/or metal detectors.
- Special Radio procedures.
- Ingress plans if different from standard operating procedure.
- Egress plans if different from standard operating procedure
- Alcohol policies.
- Promoter/artist requests.
- Off limit areas.

It is not the facilities intent to create an environment that will be onerous on the promoter or create costs that would cause financial hardship. It is our intent to create a safe environment for guests, staff, artists and third party providers.
