

COVID-19 Screening

Before entering this facility, please ask yourself – and answer – these three questions:

1. Do you have any of the following new or worsening symptoms? Symptoms should not be chronic or related to other known causes or conditions.
 - Fever or chills
 - Difficulty breathing or shortness of breath
 - Cough
 - Sore throat, trouble swallowing
 - Runny nose/stuffy nose or nasal congestion
 - Decrease or loss of smell or taste
 - Nausea, vomiting, diarrhea, abdominal pain
 - Not feeling well, extreme tiredness, sore muscles
2. Have you travelled outside of Canada in the past 14 days?
3. Have you had close contact with a confirmed or probable case of COVID-19?

If you answer NO to all questions, you have passed the screening and can enter the workplace.

If you answer YES to any questions, you have not passed and should not enter the workplace, including any outdoor workplaces. You are required to advise your manager and call the appropriate hotline. Go home immediately to self-isolate and contact your healthcare provider to find out if you need a COVID-19 test.
